Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

### Payments at the Marine Pay Office.

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Parties, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor the Bill is passed) to such Sircar

or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

By Order of the Marine Board,

C. B. GREENLAW, Secretary.

Published by Authority.

It is requested that Government Notifications for the Calcutta Gazette, of any length, may be sent to the Press before Noon of Friday, and those of a few lines only before 5 P. M. of that day.

SATURDAY, JULY 2, 1836.

FORT WILLIAM,  
GENERAL DEPARTMENT, the 26th June 1836.

ALL Public Officers of Government sending Advertisements to the Calcutta Gazette for publication, are hereby directed to make them as short as possible, and to specify always how many times the Advertisement shall be repeated.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

FORT WILLIAM,  
FINANCIAL DEPARTMENT, the 15th June, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at	Bengal.
Ditto	Ditto
Ditto	Ditto
Ditto	Ditto
Per Spanish Dollar, Ditto	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed in the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) in any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

**NOTICE** is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1835.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve; and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, six months sight, at the rate of—

s. d.

Per Company's Rupee for Advances made at .....	Bengal.
Ditto .....	Madras.
Ditto .....	Bombay.
Per Spanish Dollar, Ditto,....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized; in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without other notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

**LEGISLATIVE DEPARTMENT,**

THE 27TH JUNE, 1836.

**RESOLUTION.**—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a licence, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to insure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes it is

at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Toll on that traffic. On the most precise calculation which can now be framed, he does reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, as the maximum rate of Toll, the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; being provided that full public notice of the rate fixed, and of the mode of levy shall be given by the Officers of Government. His Lordship in Council has further deemed it expedient to authorize the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

ACT No. — of 1836.

I. It is hereby enacted that from the — day of — Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said day of — the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burden, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas for every 100 bamboos on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem ½ of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinafore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged; any or all the powers possessed by Magistrates in respect of navigable streams and rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed in public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee languages.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same: and if, within ten days after such seizure the said Toll or Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. And it is hereby enacted, that any person in charge of any boat, raft, or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinafore described, such boat, raft or float, and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 16th day of August next.

NOTICE.

*Payments at the Marine Pay Office.*

NOTICE is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

**FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 27TH JUNE, 1836.**

**Resolution.**—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargo. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, as the maximum rate of Toll, the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; it being provided that full public notice of the rate fixed, and of the mode of levy shall be

given by the Officers of Government. His Lordship in Council has also determined to authorize the Governor to place the Superintendence of the Canals, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

**ACT No. — of 1836.**

I. It is hereby enacted that from the — day of — Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said day of — the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burdens, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas for every 100 bamboos on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem  $\frac{1}{4}$  of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinafter mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable streams and rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee tongues.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand

to an Officer authorized by the Governor to receive the same, it shall be lawful for such Officer to seize the cargo, and to detain the cargo thereof, and within ten days after such seizure the Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft, or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float, and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 16th day of August next.

W. H. MACNAGHTEN,  
Secy. to the Govt. of India.

### Payments at the Marine Pay Office.

**NOTICE** is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions:

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

Of course in the latter case, if the Money should be paid to the wrong person in consequence of the Bill being lost or stolen, or otherwise surreptitiously obtained by the Party presenting it, the Marine Department cannot be considered answerable.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interest, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of appointing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

**FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,**

THE 27TH JUNE, 1836.

**RESOLUTION.**—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, in the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix the amount by Law, as the maximum rate of Toll,—the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; being provided that full public notice of the rate fixed, and of the mode of levy shall be

given by the Executive Government. His Lordship in Council has further deemed it expedient to authorize the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

ACT No. — of 1836.

I. It is hereby enacted that from the — day of — Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

II. And it is hereby enacted, that from the said day of — the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Baminghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

III. Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burdens, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timbers, or four annas for every 100 bamboos on every float of bamboos.

IV. And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem  $\frac{1}{4}$  of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

V. And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable streams and rivers.

VI. And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

VII. And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the *Calcutta Gazette*, and exposed to public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee languages.

VIII. And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand

to an Officer authorized by the Government to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same: and if, within ten days after such seizure the said Toll or Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. FINANCIAL DEPARTMENT, THE 15TH JUNE, 1836.

NOTICE is hereby given, that under instructions just received from the Honorable Court of Directors, the following Terms and Conditions for making Advances upon the Goods and Merchandise of Individuals intended for Consignment to England re-payable to the Court of Directors of the East India Company, have been substituted for those contained in the Advertisement of this Department, dated the 27th October 1834.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the Control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding two-thirds of such ascertained value will be made.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

a. d.

Per Company's Rupee for Advances made at .....	Bengal.
Ditto .....	Ditto..... Madras.
Ditto .....	Ditto..... Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested; or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

**FORT WILLIAM,  
LEGISLATIVE DEPARTMENT,  
THE 27TH JUNE, 1836.**

**RESOLUTION.**—The opening of the communication between the River Hooghly and the Circular Canal, renders it necessary to adjust the rates of Toll to be levied on Boats passing into the Hooghly through that channel. The principle on which it appears most proper and desirable to frame this adjustment is, to fix an equal rate of Toll on the Transit through the Circular Canal and through Tolly's Nullah, giving to neither of these passages an advantage over the other in respect of Toll, and leaving each to be used, as may be found most convenient, for traffic. The rates of Toll (under the rules of Regulation XVIII. 1806, and Regulation VII. 1810, of the Bengal Code,) which have heretofore been levied on Boats passing through, or entering into, Tolly's Nullah, or the Boitakhana Canal (of which the Circular Canal, now communicating with the Hooghly, is a continuation) vary with the descriptions of articles laden on the Boats. In Tolly's Nullah the rates rise from four annas per 100 maunds on articles of low, to two rupees per 100 maunds, on articles of greater value; and in the Boitakhana Canal they rise similarly, from two annas per 100 maunds to one rupee per 100 maunds. The existence of such a distinction tends to render the rates of collection complicated and to harass the people; since a license, however liable to abuse, must unavoidably be given to the Agents of Collection to search and examine Boats, with a view to prevent fraud in the declaration of the articles laden on them, the Governor General in Council has on these grounds, resolved to substitute generally for the present varying rates, one uniform rate of Toll, to be levied on Boats according to their burden, and without reference to their Cargoes. It has been his wish so to fix this rate, as to avoid any injurious pressure upon consumption, and to secure at the same time, a just return for the public expenditure upon the Canals. He has found, however, that from various causes, it is at present a matter of much difficulty to obtain perfectly accurate and satisfactory information of the nature of the traffic carried on upon Tolly's Nullah or on the Boitakhana or Circular Canals, or of the effects of the existing system of Tolls on that traffic. On the most precise calculation which can now be framed, he sees reason to think that a Toll of one rupee eight annas per 100 maunds burden, and a corresponding sum of annas two per timber, and of annas four per 100 bamboos, may with propriety be fixed as the maximum rate of Toll to be levied for the entire transit to the Hooghly, whether through the Circular Canal, or through Tolly's Nullah. This rate is eight annas less than that to which general articles of traffic are now subject for the passage through Tolly's Nullah. His Lordship in Council has therefore determined to fix this amount by Law, at the maximum rate of Toll, the Executive Government being of course competent to lower the rate as may be deemed expedient. He has resolved also, to vest in the Executive Government a discretion as to the mode of levying such Toll as may be imposed, not being in excess of the above rate. The levy may thus be made either by one payment, on first entering the Nullah or Canal, or by a payment of half the rate of Toll at the extreme point of either channel, or otherwise, as may be found most convenient and advantageous; it being provided that full public notice of the rate fixed, and of the mode of levy shall be

given by the Officers of Government. His Lordship in Council has further deemed it expedient to authorize the Executive Government to place the Superintendence of the Collections, and the general Management of the Canals, under the charge of such Officers as may be most capable of discharging the duty with efficiency. The following draft of a proposed Act is accordingly published for general information:

**Act No. — of 1836.**

**I.** It is hereby enacted that from the — day of — Regulation VII. of 1810 of the Bengal Code, and also such parts of Regulation XVIII. of 1806 of the Bengal Code, as relate to the Eastern Canal, commonly called "Tolly's Nullah," which connects the River Hooghly with the Sunderbunds, shall be repealed.

**II.** And it is hereby enacted, that from the said day of — the Governor of Bengal shall be competent to prescribe the amount of Toll, and the mode of levying the same, on boats, rafts, and floats, which shall enter on, or pass out of, or through either of the two lines of navigation hereinafter described—that is to say,

1st. The Eastern Canal aforesaid from its entry into the Sunderbunds to its junction with the River Hooghly.

2d. The line made up of the channel across the Salt-water Lake to Damlinghatta, of the Canal leading from the Salt-water Lake to the Boitakhana Road, and of the new Circular Canal which connects the last mentioned Canal with the River Hooghly.

**III.** Provided always, that the rate of Toll shall be the same on the two lines aforesaid—that it shall be uniform on all boats of equal burthen, on all rafts consisting of an equal number of timbers, and of all floats consisting of an equal number of bamboos; and that the aggregate amount levied on account of the whole passage along either of the two lines aforesaid, or on account of entering into, or passing out of, either of the two lines aforesaid, shall not exceed one rupee and a half for every 100 maunds burden on any boat, or two annas for every timber on every raft of timber, or four annas for every 100 bamboos on every float of bamboos.

**IV.** And it is hereby enacted, that the said Governor shall be competent to fix a rate of Rent to be levied on every boat which shall remain in any part of either of the lines aforesaid longer than two days for every hundred maunds of burden, and on every raft of timber which shall so remain longer than one day for every ten timbers, and on every float of bamboos which shall so remain longer than one day, for every 200 bamboos.

Provided always, that the rate of rent so fixed shall be the same on the two lines aforesaid, and that it shall not exceed per diem  $\frac{1}{2}$  of the whole Toll payable for the boat, raft, or float, in respect of which such rent may be levied.

**V.** And it is hereby enacted, that the said Governor shall be competent to appoint Officers for the collection of the Tolls and Rent hereinbefore mentioned, and to confer on such Officers, for the purpose of preventing acts whereby either of the said lines of navigation may be obstructed, or whereby the banks along either of the said lines of navigation may be damaged, any or all the powers possessed by Magistrates in respect to navigable streams and rivers.

**VI.** And it is hereby enacted, that whoever wilfully causes any obstruction of either of the said lines of navigation, or any damage to the banks along either of the said lines of navigation, shall be punishable on conviction before the Magistrate with imprisonment for a term not exceeding fourteen days, or fine to an amount not exceeding fifty rupees or both; and in default of payment of such fine, with additional imprisonment for fourteen days.

**VII.** And it is hereby enacted, that Notifications of the rates of Toll and Rent and of the places of Collection, and of all rules made by the said Governor under the authority given to him by this Act, shall be published in the Calcutta Gazette, and exposed to public view at every Toll-house on either of the said lines in the English, Persian, and Bengallee languages.

**VIII.** And it is hereby enacted, that if the Toll or Rent due in respect of any boat, raft, or float, on either of the said lines shall not be paid on demand

to an Officer authorized by the said Governor to receive the same, it shall be lawful for such Officer to seize such boat, raft or float, and the cargo thereof, and to detain the same: and if, within ten days after such seizure the said Toll or Rent shall not be paid, it shall be lawful for such Officer with the sanction, and under the directions of the Superintendent of Canals, to sell the property seized, or so much thereof, as the said Superintendent shall direct for the purpose of satisfying the Toll or Rent which may be due, and also of defraying the expenses of seizure and detention; and in every such case so much of the property seized which has not been sold, and so much of the price of the property sold, as is in excess of the sum necessary for satisfying the Toll or Rent which is due, and for defraying the expenses of seizure and detention, shall be returned to the owner of the boat, raft, or float.

IX. And it is hereby enacted, that if any person in charge of any boat, raft, or float, shall attempt to evade payment of the Toll or Rent due thereon, or shall resist a seizure made by the authority and under the circumstances hereinbefore described, such boat, raft or float, and the cargo thereof, shall be forfeited to the Government under orders of the Superintendent, subject to appeal to the Commissioner of Revenue and Police.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 15th day of August next.

### Payments at the Marine Pay Office.

**NOTICE** is hereby given, that in future Parties in whose favor Monies are passed payable by the Marine Paymaster, will be required to attend to the following directions :

If the Party, in whose favor the Bill is passed, himself draws the Money at the Pay Office, he will be required to receipt the Bill and also to sign an Office Check for the amount.

On the other hand, if the Money is to be drawn by the Agency of a Sircar or other Person, it will be necessary that the amount should be made payable (under the signature of the Party in whose favor it is passed) to such Sircar or other person by name—or to bearer—and such Sircar, or other person, or the bearer, will be required to receipt the Bill and to sign the Office Check for the amount.

## PUBLISHED FOR GENERAL INFORMATION.

Office of Committee of Privy Council for Trade,  
Whitehall, 27th November, 1835.

Sir,

The Lords of the Committee of Privy Council for Trade have considered the Report of the Commissioners of Customs, transmitted in your Letter of the 24th instant, relative to the admission of British Goods as such into the Mauritius from British Places in India, and their Lordships have directed me to state to you their opinion, that ~~such~~ <sup>such</sup> Goods are importable into our West India Islands only from the United Kingdom or from some other British Possession in America; it does not seem that the Mauritius, which is in a different Hemisphere, should be confined to the same channels of supply. The Legislature in drawing this Regulation had the American Colonies only in its mind, and it did by a subsequent enactment declare, that the Regulations affecting those Colonies should also embrace the Mauritius so far as any such Regulations can or may be applied. To the application of this particular Regulation, there is a strong geographical impediment, and the spirit of the Regulation should seem to require, that the Mauritius should stand in the same relation towards our Eastern Possessions, as Jamaica stands in towards those in the West; that is to say, that British Manufactures should be received into the Mauritius from Calcutta upon the same terms as those upon which they are received into Jamaica from Halifax. The Governor of the Mauritius appears to have viewed this Regulation in this spirit, and in the exercise of his discretionary powers, he has for several years permitted the Importations in question to be made. The Lords of this Committee are therefore the less disposed to recommend the enforcement of the Law according to its express working, but consider that the reservation as to the applicability of Regulations may with propriety be made use of so far as to admit British Produce or Manufactures as such into the Mauritius from any of the British Possessions within the limits of the East India Company's Charter. I am accordingly to request that you will move the Lords Commissioners of His Majesty's Treasury to consider whether they will not be pleased to confirm the orders given by the Governor of the Mauritius, and to relieve the several Importers from the Bonds they have been required in the meanwhile to give.

I am, Sir,

&c. &c. &c.

## GENTLEMEN,

I herewith transmit by Command of the Lords Commissioners of His Majesty's Treasury for your information a copy of a Letter from the Board of Trade, dated the 27th November 1835, respecting the admission of British Goods into the Mauritius from British Places in India, and I am to acquaint you that in concurrence with the recommendation of the Lords of the Committee of Privy Council for Trade, my Lords are pleased to desire that you will instruct your Officers at the Mauritius to continue to permit the Importation of British Manufactured Goods in the manner specified in the Letter addressed by the Chief Secretary of the Colonial Government to the Acting Collector of Customs, on the 11th March 1832, and to take any requisite steps for relieving Parties, who may have given Bonds for the amount of Foreign Duties upon such Goods in those cases where the Regulations referred to in that Letter have been complied with.

I have, &c.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

Advances made at .....	Bengal.
Ditto .....	Ditto..... Madras.
Ditto .....	Ditto..... Bombay.
Per Spanish Dollar, Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being first the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

FORT WILLIAM, 18th July, 1836.

No. 144 of 1836.—The Right Hon'ble the Governor General of India in Council having had under consideration the Reports of Officers Commanding European Corps on the subject of Soldier's Libraries, and being satisfied that the system under which they are at present established is not calculated to render them so generally useful as could be desired, deems it necessary to direct, that the Books of the several Station Libraries shall be divided equally (with reference to the number of Troops or Companies belonging to each) amongst the European Corps, quartered in the different Cantonments, to serve as a nucleus on which Regimental Libraries may be formed. These Libraries are to be kept up and supported from the portion of the Canton Fund Balances, directed in G. O. No. 84, of the 5th March, 1835, to be specially set apart for that purpose; and, the further to encourage these Institutions, His Lordship in Council is pleased to authorize the appointment of a Librarian on a Monthly Salary of Eight Rupees, to every Regiment of European Cavalry and Infantry, and to every Brigade, Battalion, and Division of Artillery, consisting of two or more European Troops or Companies on the Bengal Establishment.

The situation of Station Librarian authorized by G. O. of 21st March, 1833, is abolished, and the Salary is to cease to be passed from the date on which the Books may be made over to Corps.

Instructions will be given to the Military Board for providing a suitable place for the reception of the Books in the Lines of the several Regiments; and His Excellency the Commander in Chief is requested to issue such Supplementary Orders as may be necessary for carrying the above arrangement into effect.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the same and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit, to sell the Goods, for the purpose of re-paying the Company the

amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England.

9th.—It is expected that Parties or their Agents will cause the Goods to be Insured from fire, such Insurance to take effect from the date of the termination of the Sea risk; as the East India Company will not undertake to effect any Insurance upon them.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

**PUBLISHED FOR GENERAL INFORMATION.**

Office of Committee of Privy Council for Trade,  
Whitehall, 27th November, 1835.

Sir,

The Lords of the Committee of Privy Council for Trade have considered the Report of the Commissioners of Customs, transmitted in your Letter of the 26th instant, relative to the admission of British Goods as such into the Mauritius from British Places in India, and their Lordships have directed me to state to you their opinion, that altho' such Goods are importable into our West India Islands only from the United Kingdom or from some other British Possession in America; it does not seem that the Mauritius, which is in a different Hemisphere, should be confined to the same channels of supply. The Legislature in drawing this Regulation had the American Colonies only in its mind, and it did by a subsequent enactment declare, that the Regulations affecting those Colonies should also embrace the Mauritius so far as any such Regulations can or may be applied. To the application of this particular Regulation, there is a strong geographical impediment, and the spirit of the Regulation should seem to require, that the Mauritius should stand in the same relation towards our Eastern Possessions, as Jamaica stands in towards those in the West; that is to say, that British Manufactures should be received into the Mauritius from Calcutta upon the same terms as those upon which they are received into Jamaica from Halifax. The Governor of the Mauritius appears to have viewed this Regulation in this spirit, and in the exercise of his discretionary powers, he has for several years permitted the Importations in question to be made. The Lords of this Committee are therefore the less disposed to recommend the enforcement of the Law according to its express working, but consider that the reservation as to the applicability of Regulations may with propriety be made use of so far as to admit British Produce or Manufactures as such into the Mauritius from any of the British Possessions within the limits of the East India Company's Charter. I am accordingly to request that you will move the Lords Commissioners of His Majesty's Treasury to consider whether they will not be pleased to confirm the orders given by the Governor of the Mauritius, and to relieve the several Importers from the Bonds they have been required in the meanwhile to give.

I am, Sir,

&c. &c. &c.

GENTLEMEN,

I herewith transmit by Command of the Lords Commissioners of His Majesty's Treasury for your information a copy of a Letter from the Board of Trade, dated the 27th November 1835, respecting the admission of British Goods into the Mauritius from British Places in India, and I am to acquaint you that in concurrence with the recommendation of the Lords of the Committee of Privy Council for Trade, my Lords are pleased to desire that you will instruct your Officers at the Mauritius to continue to permit the Importation of British Manufactured Goods in the manner specified in the Letter addressed by the Chief Secretary of the Colonial Government to the Acting Collector of Customs, on the 11th March 1829, and to take any requisite steps for relieving Parties, who may have given Bonds for the amount of Foreign Duties upon such Goods in those cases where the Regulations referred to in that Letter have been complied with.

I have, &c.
